

INVITATION TO THE AUTUMN FAIRS 2012

Our newest catalogues 2012

Dear customer,

Today you receive our **Novelty additional catalogue** and the **stock lot catalogue**.

Important for you: above mentioned catalogues are only additional catalogues, our main and Christmas catalogue as well as the additional catalogues from July 2011 are still valid. Our catalogues are our "silent sales representatives". As you know, we don't work with sale representatives, we sell our products at fairs, through catalogues, in our show room and recently through our internet-shop.

Be curious and take a look in our **internet-shop** under **www.wurmkg.de**.

Between the print phases you can find already there the photos of our novelties and bargains as well as their description and the scaled prices.

The access is very easy:

Username: your customer number / **password:** your postal code.

You can find a detailed instruction concerning our internet-shop in our main catalogue page 6 till 7, or at our web page at the beginning under "instructions open".
